

# ATLAS PLATINUM

# PWA60 Pro

Intelligent 6CCD Fully  
Computerised Wheel Aligner

The PWA60 PRO brings together the latest in CCD alignment technology and boasts luxury features such as Number Plate Recognition and deluxe 3-Point Clamps.

Intelligent software provides the option to use a smartphone app – it's also ADAS-ready should you wish to extend your services to ADAS calibration in the future.

Compatible with 4 Post Lifts and 2 Post Lifts  
(with additional brackets), pit and scissor lifts
