

RB3000

Full Rise Fixed Scissor Lift 1PH/3PH

This ultra-thin, surface mounted scissor lift carries the sleek Redback by Unite branding that is known across the UK for satisfying a requirement for budget-friendly garage equipment. Boasting a capacity of 3000kg, the minimum height of this lift is 105mm, hence the emphasis on ultra-thin!

Reaching up to 1850mm and with platform lengths of 1870mm (2050mm inclusive of weight-bearing ramps), this is a scissor lift designed to handle the pressures of everyday garage use without costing you for what should be essential specs!

Drive Electrical hydraulic Lifting capacity 3000kg

Machine lift height 1850mm Platform initial height 105mm

Platform length 1450-2050mm Platform width 660mm

Lifting time ≤55s Descent time ≤55s

Whole machine length 2020mm Whole machine width 2045mm

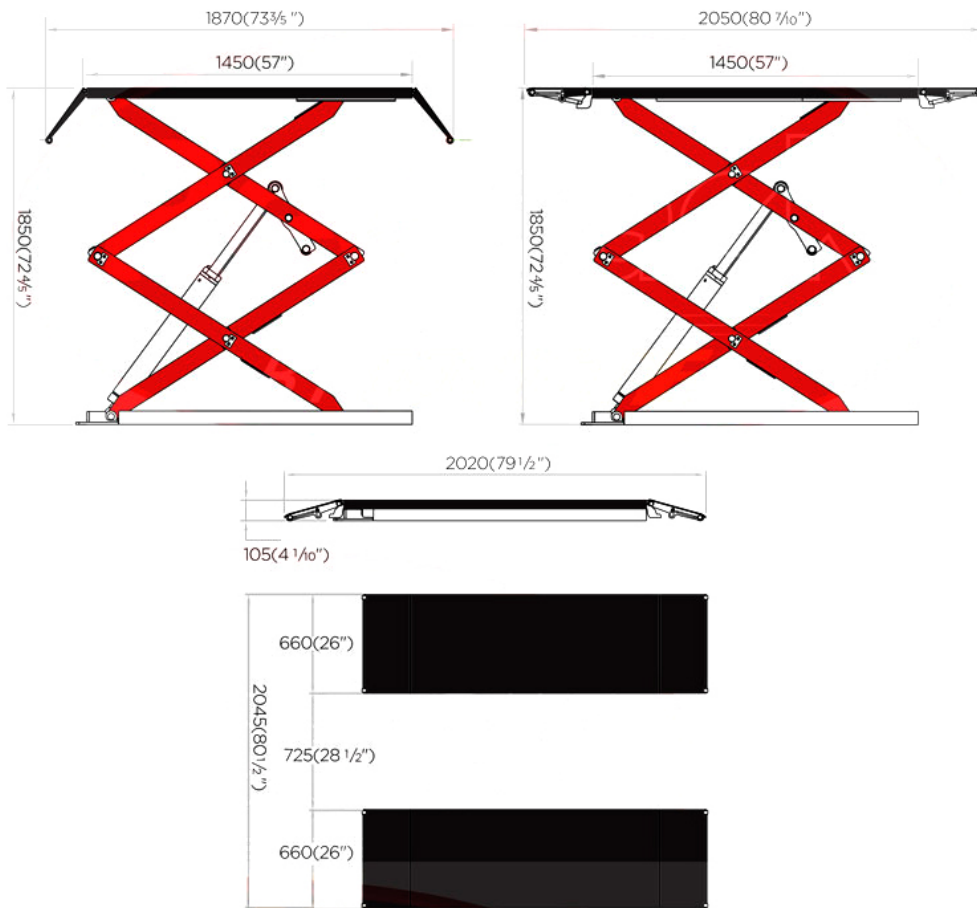

Power supply 3/N/PE~380V, 50Hz,10A Whole machine power 2.2kw

Hydraulic oil 16L corresponds to wearable hydraulic oil Gas pressure 6-8kg/cm²

Working temperature 5-40°C Working humidity 30-95%

Noise < 70db Storage temperature -25°C~55°C

Working area for the RB3000:
